SUBMISSION DEADLINE: 13 DECEMBER 2017 / 12:00 EST (17:00 GMT)

CLEO

Laser Science to Photonic Applications

Technical Conference: 13 – 18 May 2018 **CLEO:EXPO:** 15 – 17 May 2018
San Jose, California, USA

APS physics
IEEE photonics Society
OSA 100
Managed by OSA

Present Your Research

- **Get your work before an influential global audience** — over 4,500 innovators and thought leaders from more than 50 countries comprise your CLEO audience — which makes CLEO the unique platform for you to gain the right exposure for your work.
- **Get published** in IEEE Xplore Digital Library and OSA Publishing's Digital Library.

  And get read — CLEO is in the top 1 percent of downloads in the IEEE Conference Proceedings database and accounts for nearly one-quarter of conference proceedings downloads from OSA Publishing. Additionally, your work is indexed in Ei Compendex, Scopus and other indexing services, such as Google.
- **Make connections with leaders in academia and industry** on your research, and benefit from in-depth, extended networking opportunities with peers.

OPPORTUNITIES FOR STUDENTS AND EARLY-CAREER PROFESSIONALS

Presenting at a prestigious international conference is the right way to start your career. Funding should not be a deterrent, which is why CLEO offers students and early-career professionals with opportunities for travel grants and awards. Opt in during the paper submission process.

APS Division of Laser Science Grants
Up to $500 each for a limited number of graduate students who present at CLEO.

OSA Incubic/Milton Chang Travel Grant
Travel grants of up to $500 to 10 students presenting papers.

OSA Maiman Student Paper Competition
In honor of Theodore Maiman, an award of $3,000 is given to one student to recognize research excellence and presentation skills.

OSA Tingye Li Innovation Prize
In honor of Tingye Li, this $3,000 prize is presented to one early-career professional who has demonstrated innovative research via a paper and reference documents.

SUBMISSION CATEGORIES

Applications & Technology

A&T 1: Biomedical Applications

A&T 2: Industrial Applications

A&T 3: Optical Instrumentation for Measurements and Monitoring

A&T 4: Laser & Photonics Applications for Energy & Environment

Fundamental Science

FS 1: Quantum Optics of Atoms, Molecules and Solids

FS 2: Quantum Science, Engineering and Technology

FS 3: Metamaterials and Complex Media

FS 4: Optical Interactions with Condensed Matter and Ultrafast Phenomena

FS 5: Nonlinear Optics and Novel Phenomena

FS 6: Nano-optics and Plasmonics

FS 7: High-field Physics and Attoscience

Science & Innovations

S&I 1: Light-matter Interactions and Materials Processing

S&I 2: Laser Systems and Facilities

S&I 3: Semiconductor Lasers

S&I 4: Nonlinear Optical Technologies

S&I 5: Terahertz Science and Technology

S&I 6: Optical Materials, Fabrication and Characterization

S&I 7: Micro- and Nano-photonic Devices

S&I 8: Ultrafast Optics, Optoelectronics and Applications

S&I 9: Photonic Integration

S&I 10: Biophotonics and Optofluidics

S&I 11: Fiber Photonics

S&I 12: Lightwave Communications and Optical Networks

S&I 13: Active Optical Sensing

S&I 14: Optical Metrology

CLEO CHAIRS

General Chairs

Peter Andersen, *Danmarks Tekniske Universitet, Denmark*

Nicusor Iftimia, *Physical Sciences Inc., USA*

Zhigang Chen, *San Francisco State University, USA*

Jeffrey Shapiro, *Massachusetts Institute of Technology, USA*

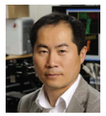
Nathan Newbury, *National Institute of Standards & Technology, USA*

Jessie Rosenberg, *IBM Thomas J. Watson Research Center, USA*

Program Chairs

APPLICATIONS & TECHNOLOGY

Michael M. Mielke, *Lumentum, USA*



Jin Ung Kang, *Johns Hopkins University, USA*

FUNDAMENTAL SCIENCE

Stewart Aitchison, *University of Toronto, Canada*

Todd Pittman, *University of Maryland, Baltimore County, USA*

SCIENCE & INNOVATIONS

Amr S. Helmy, *University of Toronto, Canada*

Shinji Yamashita, *The University of Tokyo, Japan*
